

# Prostate cancer:

## diagnosis, treatment and progress

If you or a loved one is facing prostate cancer, you have many questions. Attend a free presentation at Park Nicollet Frauenshuh Cancer Center to learn more about screening, diagnosis, treatment and long-term aspects of living with prostate cancer.

David Schwartz, MD, will discuss the latest treatment options and answer your questions.

*Featuring: David  
Schwartz, MD*

*Tuesday, Oct. 27  
6 p.m.*

Park Nicollet Frauenshuh  
Cancer Center  
First Floor, Conference Room 1
